

November 17th 2020

To whom it may concern:

John Menard worked as a Management Trainee for a year and a half at my branch at Enterprise Holdings. He was fresh out of college and had a fierce appetite to grow within the company. I found John to be articulate, ambitious, eager to learn and driven. He consistently won our company's internal competition for sales for 6 months straight. He was quickly promoted into our management team within his first 12 months.

John has a positive attitude and was a pleasure to work with, he was well liked by many of his co-workers.

I highly recommend John to your school as an iMBA candidate. He would be an asset to any organization or program. If you have any further questions about John, please do not hesitate to contact me at (321) 228-3556.

Sincerely,

Kenson Remy
Area Manager, Enterprise Holdings
