To Whom It May Concern:

Joanne Burr was diagnosed with Invasive Ductal Carcinoma of the Left Breast on June 20th 2018. Joanne underwent a Tracheal Resection on August 3rd 2018 due to complications from a previous illness in 2009 that required a tracheotomy. She was admitted to the hospital from July 31st 2018 to August 6th 2018. Additionally, Joanne underwent a bilateral mastectomy on September 20th 2018. She was discharged on September 21st 2018. It was determined on October 23rd 2018 that she will require 4-6 cycles of chemotherapy, her port placement procedure is scheduled for January 8th 2019.

Please feel free to contact my office if any additional information is needed.
Thank you.
